Classroom Highlights

Morning

Kids have been enthusiastic when exploring lessons on geography, math, physical science, music, art and drama. It is wonderful to see their faces light up when something new or unexpected is discovered. We will be including kid's interest areas so if your child has a desire to learn something they haven't mentioned to us please let us know. Light up Legos and engineering challenges have been popular.

The kids have been really enthusiastic about problem solving. We are also learning about black history, Chinese New Years, and the Winter Olympics.

Afternoon

The Spring Play will be **MOANA**. Please have your child **stay** for the **entire practice** on Tuesdays and Thursdays. We will be in the Gym until 5:45.

A small **Valentine's day celebration** will be held on the **14th** and your child is welcome to bring valentines for the group. A list will be provided.

Feb 16:

Mad Science at Dowling

Feb 19th:
