

Bancroft Minneapolis Kids

May 2015

April Showers Bring May Flowers

Spring has arrived and summer is just around the corner. This spring we've been doing a variety of seasonal projects including decorating pots and planting seeds, making healthy smoothies, and doing plenty of playing both outside and in the gym.

Students have been filming Lego stop-motion movies on our Lego table, and the computers have become home to extraordinary cooperative Minecraft creations.

The seeds we've planted are sprouting well and the stu-

dents love caring for them. They will be ready to come home soon.

We will also send directions for care and replanting.

Peas, Nasturtiums, and Morning Glories beginning to sprout.

Announcements

Fall Registration is Open!

Registration for Minneapolis Kids at Bancroft next fall is now open (Summer registration is still available for both the Hale and Lyndale locations as well. To register visit <http://minneapolis.thatscommunityed.com>.

If you have any questions feel free to contact Steve or the main office at (612) 668-3890.

After School Classes Coming to an End

After school classes at most schools are coming to an end in May. Bancroft's last day of After School classes is May 6th. Students who normally attend after school classes are welcome at Minneapolis Kids for the rest of the year. Please contact Steve or the main office to let us know as soon as possible.
