Hale Happenings

February 2015

Let's Hear From You

Have any comments or concerns to share with us? Any suggestions for how we can improve our program? Ideas for fun activities to enrich our programming?

You're always welcome to email or talk to Beth with any input. To make life simpler, you can also find a comment box next to each iPad sign out ar-

ea. There are comment box slips available for you to fill out and return. Student feedback welcome as well!

Release Days

Registration for the remaining non school or release days for this school year is now available on <https://minneapolis.thatscommunityed.com>

We have a lot of fun activities planned including a dog sledding crew visiting us on February 13th and a totally relaxation themed Spring Break. For more information about the activities planned, visit the Minneapolis Kids website.

Program Policy Input: Late Policy

Our program is currently trying to update some of our policies. We are re-evaluating the late policy. Our current late policy is: All children must be picked up by closing time, which is 6:00PM. The parent will be charged \$1.00 per minute for every minute he or

she is late. Staff are required to remain with children until they are picked up.

If you have any input to offer regarding this policy and potential changes to it, please contact Beth or our Hale Minneapolis Kids Parent Rep, Angela Hanson.

Summer!

Registration for the Minneapolis Kids summer program will open at **noon on Monday, March 16th**. You can register for any ten days (or more!) that you prefer over the summer months. Our summer plans will be posted to the Minneapolis Kids website by mid February, so you can see what we have planned for summer.

Wish List:

Spare pants for the occasional accident

Empty glass jars

MINNEAPOLIS PUBLIC SCHOOLS
Urban Education. Global Citizens.
