Helping Others

VolunTeens—A hearty thank you to our crew of 7th & 8th graders who serve as positive role models and provide leadership for our group. They have been doing a great job throughout the year and are beginning to help with the transition to next year's leaders.

Fleece Project—This month we are working together to create fleece blankets for Camp Noah. Camp Noah is a nationally acclaimed preparedness and resiliency day camp for elementary-age children in communities impacted by disaster. It originated here in Minnesota in 1997. They provide a safe environment where kids can process their disaster experience through creative activities and play. Kids receive their own tied fleece blankets to use during camp and then take them home at the end of camp. The blankets help provide comfort as kids process their disaster experience and serve as a lasting reminder of their Camp Noah experience. Many treasure these for years. We're happy to help!
