Registration will open to all interested families on **Monday, May 4th at noon.** All registration is online and families can direct questions to our main office.

Highlights from February

Photography Club: The photography club has been learning about the principles of photography. The busy photographers have learned about form, perspective, and gone to different places around Windom to practice their craft!

Staying Healthy in Winter: During these chilly February times, our kids have been staying fit and healthy with some fun indoor activities! Kids had a great time doing yoga, and we had several student-led cooking projects. The fruit smoothies and fruit salad were both very popular!

Getting some sun and zen-like calm during yoga!
