## NEWS YOU CAN USE

Dear Marcy Minneapolis Kids Parents,

It is hard to believe that we have less than eight weeks until the end of the school year.

As we come to the end of another school year, I like to reflect on what we did well over the past year, and where we can improve as we strive to provide high quality care at Marcy Minneapolis Kids. We have had an interesting year! During the non-school days we combine with kids and staff from other Minneapolis Kids sites (Webster and Bryn Mawr). This has been good for all of us to learn to embrace others into our community. We have all learned that we can welcome others, share our space, share our ideas and grow from the experience.

I asked our kids “what are some of the things that you enjoyed over the past year”? The answers ranged from field trips to cooking projects to hanging out with friends to gym, computer lab, snacks etc. When I think about what I enjoyed most this school year, it is without a doubt “the kids”. It is never boring to have the opportunity to interact with sixty distinct personalities on a daily basis. We have an awesome group at Marcy Minneapolis Kids, they are kind, caring, generous, happy, sometimes moody, and always allowed to be themselves.

Thank you to all of the children and parents for another great year!

Teresa Abagi, Site Coordinator, Marcy Minneapolis Kids
