

Pratt Minneapolis Kids

January 2017

Classroom Highlights

Morning

We are exploring Snap Circuits, light up Legos, Laser Pegs and Ozobots. Kids will have the chance to experiment and design solutions to various engineering problems, and engage in some friendly competitions. Classical music will be part of the curriculum and we will listen to it each morning along with art, construction, yoga, and strategy game choices.

Afternoon

With January comes play practice in the afternoons! Every Tuesday and Thursday we will have play practice from 4:00-5:50 in the gym. We can't wait to see what the kids choose for their production this year. If your child chooses to be in the play it is very important that they commit to it.

Outside

We will be going outside every day, both in the morning and afternoon as long as it is not below zero. Please dress your child for outside play.
