Hello Marcy Minneapolis Kids parents, we spent the month of September getting to know one another, and getting used to our daily schedule. Let me take this

Opportunity to say "welcome" to all of our new kids and families and of course "welcome back to our old friends".

During the month of October we will continue working on friendship and kindness as our over all theme.

We will have many opportunities to grow, express ourselves, and most of all have fun together as a group.

YEA!!!

We are going to roll out the new electronic parent sign in/sign out system by mid October. There was a question about adding additional authorized pick up. You

should log into your account, click on "details" and then look for "managed pick up", and you will be able to add or delete people from your list.

The sun has been shining brightly and the weather that we are having now is really wonderful, with that being said we will spend as much time as possible taking our program outside. So keep an eye on the weather, make sure your child is dressed appropriately every day to play outside. The only times that we will not go out side is when the temperature Drops below 0 degrees
